

# How to Register for a User Account

This guide demonstrates how to register for a user account on iFixit.

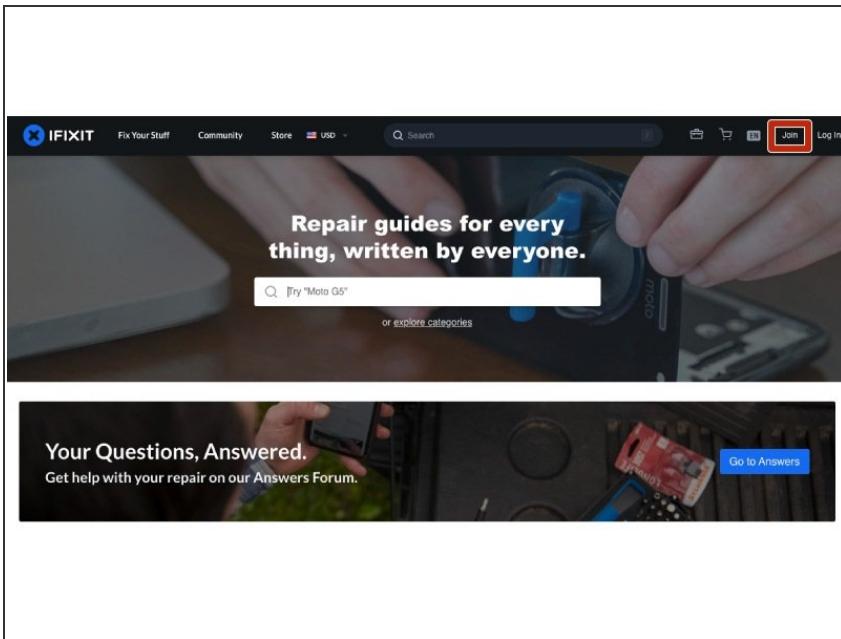

Written By: iRobot

# INTRODUCTION

This guide demonstrates how to register for a user account on iFixit.

## Step 1 — Open Site

- From the home page, click on the **Log In** button in the top right of the site header.

## Step 2 — Create an Account

- Enter your **Name**.
  - ⓘ *This will be publicly visible.*
- Create a **Unique Username**. This allows other users to tag and mention you in their comments or questions.
- Enter your **Email**. This allows you to receive email notifications from iFixit, reset your password (should you ever forget), and log in the next time you come back!
  - Learn how to update the quantity of emails you receive from iFixit [here](#).
- Create a **password** that is secure and unique to you.
- After confirming that all of the information is correct, click on the **Create My Account** button at the bottom. You will automatically be logged into the site after the account creation.
- You can also choose to sign into iFixit with your Gmail or Facebook account by clicking on the corresponding buttons and following the prompts.
